## EXCURSIONS

### LEWIS GINTER BOTANICAL GARDENS

For those of you that may have time to make a side trip, we do suggest visiting these beautiful gardens, located just 1 mile down the street. Richmond is exceptionally beautiful at this time of year and this botanical garden is a well know destination regionally.

### THE VIRGINIA MUSEUM OF FINE ART

Our local art museum is nationally known for extraordinary exhibits. It too is a straight shot on our street – 5 minutes away – located in the lovely fan district of Richmond. Currently there is a Van-Gogh-Manet-Matisse “The Art of the Flower” exhibit. This exhibit will require advance tickets, which can be purchased online. There are two restaurants in the museum; Brunch followed by the exhibit would be great!

### RIVERWALK – DOWNTOWN

Richmond’s Canal Walk along the James River in downtown Richmond has more to do than a single day can allow for, but we do suggest if you have time to access this website and see what you might like to do. It will give you a good bird’s eye view of our city!

### SHOPPING

Carytown is a lovely area comprised of shops and restaurants, all along one 10 block stretch. Only 10 minutes away, this neighborhood is an easy, straightforward drive.
